

# Introduction to Programming :

11 October 2025 05:32 PM

Process of Creating a set of instructions that tells a computer how to perform a task.

- Computer can only understand machine language ( 0, 1) or low level language.

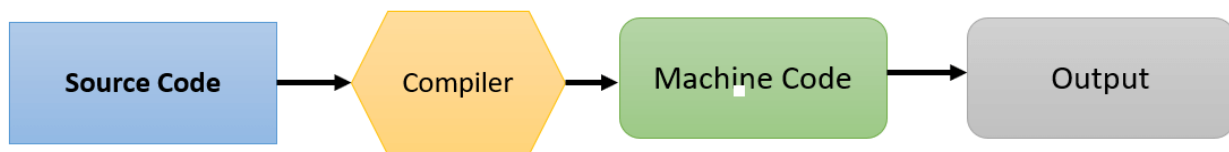

## • Open & Closed Circuits :-

e.g. 01011100

- So we humans can't understand low level language that's why we created high level language.
- High level language ( or Source code) ---> Python, Java, C++ etc.

## How Compiler Works

## • In Python:
